Real Time Survey Results

Grapevine Evaluations provides individual in-depth employee reports. All of our reports are completely customizable with the option to compare the individuals to company or department averages. As well, survey questions are broken into competency items which are also included in the reports. Your reports are your reports. You decide the appearance of the report and brand it with your logo.

Each employee receives one report with the following sections:

Gap Analysis: Radar & Line Charts

Graphs are provided to employees to help interpret the survey results.

Summary Report

Summaries are provided to employees showing how their self ratings compared to their evaluators.

Aggregate Reports

Employee reports can also show aggregate results.
i.e. geographical or departmental.

Strengths/Areas Of Opportunity

Employee strengths and areas for growth are provided.

Competency Analysis

Employee reports are broken down by competency items.
